

NOTICE

10 June 2021

To: All traders or exporters of plants and plant products

Removal of Urgent Fees for Phytosanitary Services

With effect from 1st July 2021, the Urgent Inspection and Laboratory fees would be removed from the fee categories under Phytosanitary Services.

Inspection

2. Applications for immediate inspection or inspection on the same day of application would be accepted on a case to case basis under the normal fees. For these applications, the applicant is required to inform our office before 9am on the day of inspection. For calls or requests received after 9am, NParks would arrange Phytosanitary inspection on the next working day. You may call our office at 6316 5166/5184.

Laboratory Test for Freedom of Plant Pests for Phytosanitary Certification

3 For applications that require immediate laboratory testing for phytosanitary certification, the applicant is required to inform the Inspecting Officer for us to facilitate the request. The applicant would be informed on the spot if such request is granted on case to case basis. Immediate laboratory testing only applies to freedom from insects and nematodes.

Yours Sincerely,
Yap Mei Lai
Director, Plant Science & Health
National Parks Board
