## FRAGRANT PLANTS

What are some plants in your school garden that have a fragrance?

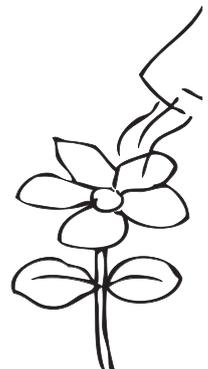

Which part of the plant (e.g. leaves, flower etc) is fragrant? Record these in the table below:

No.	Name of plant/Description	Which part is fragrant?
1.		
2.		
3.		
4.		
5.		
6.		

### Try these questions:

a) Having fragrant parts is an adaptation in plants. What are their benefits?

b) How have people used the fragrance in plants?
