

BE A CONSIDERATE PET OWNER

Make the environment pleasant for everyone

Pick up your dog's poop with a bag and dispose of it in a rubbish bin. Wash the stains off with water, if any.

If your dog urinates on concrete flooring, wash it off with water to prevent bad smells and stains.

Neighbors may be startled by pets in small or confined areas. Check if your neighbor is comfortable being in the lift with your pet. Keep your pet close to you.
