ADOPT ME PLEASE!

Kirin

HELLO! WE'VE BEEN
REHABILITATED AND
ARE LOOKING FOR A
FOREVER HOME!

Rachel

Name: Rocky
Sex: Male, Sterilised
Breed: Singapore Special
Age: 8 years old

I am..

A super playful and affectionate dog who will brighten up your day with my lovely smile. While I can be very energetic for my age, I'm happy to spend lots of cuddle time with my favourite people!

I used to be insecure and impulsive around people at the shelter, but now I am much more comfortable and calm. Strangers still scare me though, and I may bark/growl to communicate that I need some space. But, greet me politely and I can warm up to you quickly! I don't like other dogs much but I'm ok if they ignore me.

I'm most suitable for..

An all-adult household with no other pets. It would be great if my future family could continue my education in muzzle training, vet handling and meeting strangers so I become more confident and comfortable!

HDB-approved (under ADORE)

Name: Rachel
Sex: Female, Sterilised
Breed: Singapore Special
Age: 9 years old

I am..

A sweet and quiet lady who enjoys being in the company of people. Despite my age, I'm quite adventurous and love going for long walks to appreciate the scenery!

I used to be very cautious around people, and reacted badly during leashing and muzzling. Now, I'm much more confident and settled. I like to keep to myself most of the time as I don't enjoy the company of overly enthusiastic dogs. My future family can try introducing calmer doggo friends in a slow and controlled manner. I do quite well alone at home, so you need not worry about me!

I'm most suitable for..

An understanding family who can pay close attention to my health as I'm getting on in my years. I will also need to continue with my cooperative care training as I do not like to be handled by vets!

Interested to meet one of us? Drop an email to: rehabdogs@spca.org.sg today!

Name: Kirin
Sex: Male, Sterilised
Breed: Singapore Special
Age: 6 months old

I am..

An energetic and playful puppy. I'm afraid of strangers but spend some time with me and I become very friendly and affectionate! I get along well with other dogs and love playing with other puppies and adults.

HDB-approved (under ADORE)

I was extremely shy when I arrived at the centre, and I needed help learning to trust people. Once I could, I learnt behaviours quickly and I'm not picky with food at all! I can sit, paw and even hi-5! However, my favourite food is very precious to me and I tend to guard them from other dogs. I'm comfortable with a harness but new environments are still scary to me. I prefer to follow other dogs out for walks because they make me feel more secure.

I'm most suitable for..

An active family who can provide me lots of stimulation, exercise and socialisation. I am a young dog and I still have lots to learn! I will also need help resolving my resource guarding issues and with building confidence around new environment and experiences.

I am..

The sweetest puppy you'd ever meet! Although i'm a little shy with strangers initially, I warm up quickly if you treat me right. I love receiving neck scratches and belly rubs from my favourite people.

HDB-approved (under ADORE)

Before arriving at the centre, I didn't know that humans were safe and fun to be around. Now, I enjoy meeting and playing with people and other dogs, although I might be cautious around dogs that are large in size and too excitable. I love all sorts of food and I can already sit, paw, shake and hi-5. I am harness-trained but I may pull on the leash at times because i'm desperate to meet my doggy friends!

I'm most suitable for..

An active family who can provide me lots of stimulation, exercise and socialisation. I am a young dog and I still have lots to learn!
