

Factsheet for import and re-export of (non-food) products containing sturgeon caviar through Singapore

(A) Import/re-export of caviar products through Singapore

- All sturgeons (*Acipenseriformes spp.*) including paddlefish are listed on the Convention on the International Trade in Endangered Species of Wild Fauna and Flora (**CITES**). This means that all imports, exports and re-exports of sturgeons and paddlefish, including their parts and products such as caviar, would require **CITES permits**. The National Parks Board (NParks) is the national CITES authority in Singapore (wef 1 Apr 2019)
- In addition to the CITES permit requirement, a declaration must be submitted via Tradenet (<http://www.ntp.gov.sg/>) and Cargo Clearance Permit (CCP) is required for every import and export consignment via cargo.
- For cosmetics products, please check with the [Health Sciences Authority](#) (HSA) on their regulatory controls.

(B) Trade document requirement for import/re-export of caviar products through Singapore

Trade type	Import	Re-export
Requirement	<ul style="list-style-type: none"> • CITES export/re-export permit from exporting/re-exporting country • CITES import permit from NParks • Customs declaration or CCP (using relevant HS and product codes) 	<ul style="list-style-type: none"> • CITES re-export permit from NParks • Customs declaration or CCP (using relevant HS and product codes) <p>*To check with the importing country on their import requirement</p>

*Check the contact details of the CITES authority of the foreign country on CITES website: <http://www.cites.org/cms/index.php/component/cp/?country=LA> for application and issuance of a CITES export/re-export permit for import shipment and to check the import requirements for re-export shipment.

**Please obtain all relevant CITES permits before arrival/departure of shipment through Singapore. The original and valid CITES permits must accompany the shipment into or out of Singapore.

(C) Procedure to import caviar

CITES documents required before import into SG	a) CITES export/re-export permit from exporting/re-exporting country b) CITES import permit from NParks, via LicenceOne:- https://www.gobusiness.gov.sg/licences
--	---
