- f) Participating groups to upload the short videos marked as unlisted onto YouTube, and
- g) Include the private YouTube links in the FormSG at go.gov.sg/ciba2021 registration

SAMPLE STORYBOARD

Storyboard Guideline

Storyboards are constructed in a sequence of squares. Inside each square is an illustration of a shot, and next to it, there are some notes about how to shoot the scene or the dialogue involved.

The process of a storyboard process goes like this:

- Make a plan
- Visualise it with a storyboard
- Execute it

Sample Storyboard for your CIB Garden Virtual Tour (~3mins)

Opening title: Entrance of garden & Name of community garden

Introducing the host

Aerial view of garden

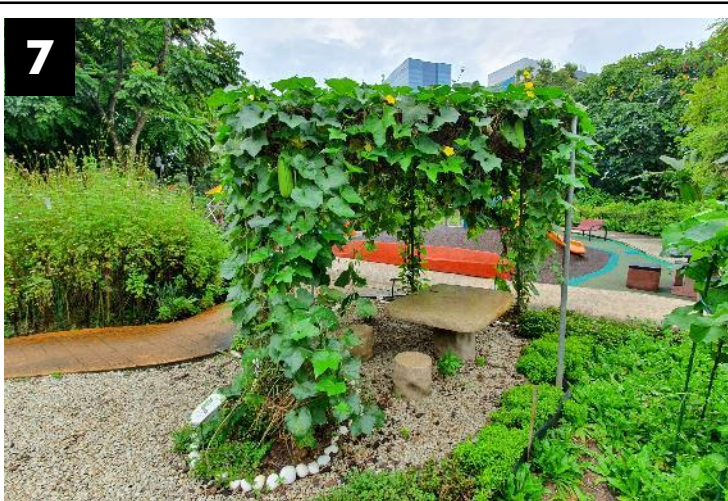

Feature shot of garden

Garden focal point #1 – scarecrow

Close-up of garden focal point #1 – scarecrow

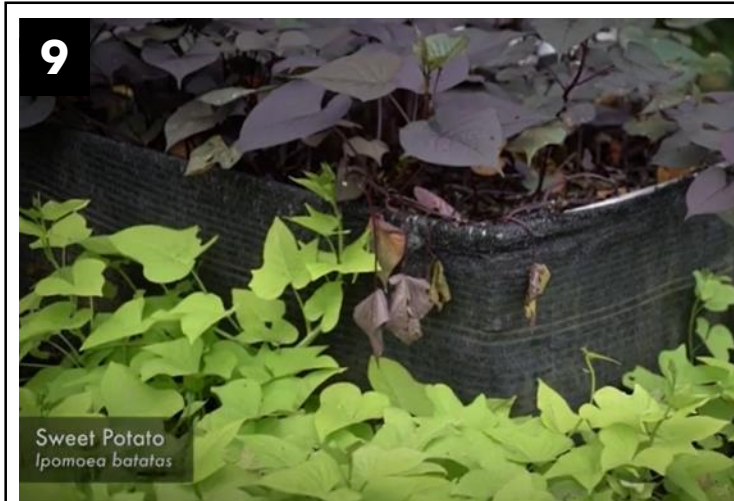

Garden focal point #2 – bonding space underneath trellis

Sponge Gourd
Luffa cylindrica

Close up of garden focal point #2 – bonding space underneath trellis

Sweet Potato
Ipomoea batatas

Edibles plants currently grown in the garden

Cekur Manis
Sauropus androgynus

Edibles plants currently grown in the garden

Lady's Finger
Abelmoschus esculentus

Edibles plants currently grown in the garden

Black Sorghum
Sorghum nigrum

Edibles plants currently grown in the garden
