

Know 10 Trees in Singapore!

Yellow Flame

(*Peltophorum
pterocarpum*)

Family: Fabaceae
(Leguminosae)

Yellow Flames can reach up to six storeys high, and are popular roadside trees.

The crown of the Yellow Flame is very wide. When it flowers, it is covered in fragrant yellow blossoms that look like tissue paper!

DID YOU KNOW:

Yellow Flames can grow well even in dry conditions, making them well suited for sunny Singapore!
