

Know 10 Trees in Singapore!

Broad-leafed Mahogany (*Swietenia macrophylla*) Family: Meliaceae

Interesting fact: you may have part of a Broad-leafed Mahogany in your house, in the form of a chair or cupboard. Its timber is said to be among the best in the world!

The Broad-leafed Mahogany can grow up to nine storeys high.

DID YOU KNOW:

Broad-leafed Mahogany leaves can change their colour drastically - they go from pink to dark green, and then orange-brown to scarlet as they wither.
