Pets' Day Out (PDO) is a **bi-monthly event** and will be a regular platform for animal welfare groups, pet businesses, veterinarians and pet lovers to come together.

A signature event of the Animal and Veterinary Service (AVS), a cluster of the National Parks Board (NParks), Pets' Day Out aims to **promote and encourage the rehoming of shelter animals** and features pet adoption from various animal welfare groups.

At the event, the public can **also learn about pet care and animal health** through free pet health check-ups, talks and workshops, games, and shop for pet-related products at the Marketplace.

MARKETPLACE + COMMUNITY CORNER (FULL DAY PROGRAMME) – GARDENHOUSE (OUTDOOR)

COMMUNITY CORNER

Piloted in February 2023, the Community Corner serves as a platform for members from the pet and animal community to share about their experiences and address common pet-related issues with the public.

This edition will feature the bird enthusiasts of BirdCraze and their feathered friends on 24 Jun (Sat), and 2 games stations by Parrot Society (Singapore) on 25 Jun (Sun).

Parrot Society (Singapore) Game Stations

- **Spot the Hazard** – Ever wonder what could be dangerous for a pet bird in your house? Come find and identify 10 potential hazards in 3 different situations.
- **Identify the Parrot** – Think you are a parrot expert? Test your identification skills by matching their species names to their photos!

MARKETPLACE

This popular element of PDO showcases pet-related retail, ranging from pet food, accessories, services and more – visitors will be spoilt for choice with the wide selection!

TALKS & WORKSHOPS – BANYAN HALL

 Registration required

10AM – 11AM | 11:30AM – 12:30PM

[WORKSHOP] PET CATS & COMMUNITY CATS 101

Speaker: Cat Welfare Society

In this workshop, children will be introduced to 4 different topics:

1. Awareness of Pet Cats and Community Cats
2. How to be a Responsible Pet Owner
3. Importance of Sterilization; and
4. Cat Body Language and Behaviors

Specifically, they will learn the differences between community cats and pet cats, and how they can interact and care for these cats. Useful tips on identifying cat body language and behaviours will be introduced to provide a better understanding on the 'Do's and Don'ts' when interacting with cats.

Children will also be provided with the opportunity to familiarize themselves with the CWS guidelines which contains information on how they can safely keep their pet cats indoors, providing quality food, water and a clean environment. Additionally, they will learn about the benefits of sterilization and how they can be an ally to CWS.

During the simple craft session, participants will be creating a felt tote bag in the shape of a cat with a tipped ear. A demonstration and step-by-step guidance will be provided as the participants design their bags.

The Cat Welfare Society (CWS) is a registered charity and their core work is to engage the community to achieve sustainable and humane management of cats in Singapore through advocacy, sterilisation, mediation and educational outreach programmes.

1PM – 2PM

[TALK] UNDERSTANDING EMOTIONAL WELLNESS IN OUR PETS

Speaker: Dr Daphne Ang (Beecroft Animal Hospital)

BVSc (hons) BPharm, Clinical Resident, American College of Veterinary Behaviorists

Our pets share our emotions. They can experience joy, grief, fear and anxiety like us. As society progresses, we become more aware of the importance of mental health in humans. How about our pets? Does emotional wellness impact the health of our pets? Come and spend some time with Dr Daphne Ang to discuss about how we can all build a deeper relationship with our pets, and how to keep them happy and healthy!

TALKS & WORKSHOPS – BANYAN HALL

 Registration required

2:15PM – 3:15PM

[TALK] SURVIVAL OF THE FITTEST – THE BENEFITS OF EXERCISE FOR DOGS

Speaker: Stephen Cranston (Programme Director, ACES and Consultant, Barker & Pooch)

Learn about the benefits of exercise for dogs through Mr Stephen Cranston, Programme Director, ACES and Consultant from Barker & Pooch!

Exercise is increasingly becoming a form of preventive health, which has the potential to transform pets' lives. The approach is through strength and conditioning by exercising the right way. During the talk, Stephen will share on creating effective, efficient strength and conditioning programmes for dogs. They will also touch on cardio fitness, strength and muscle building. It is not too late for pets to get fitter and stronger, even for senior dogs!

After the talk, you may visit the booth to meet Barker & Pooch's senior coaches and learn about the dogs that have benefited from the application of exercise science in Singapore. A basic fitness assessment* can also be provided for your dog (limited to 15 minutes).

**Note: This is not a health assessment or medical examination. If your dogs have health issues, please consult a veterinarian.*

3:30PM – 4:30PM

[TALK] GERIATRIC PET WELLNESS: PROVIDING COMFORT AND MOBILITY FOR YOUR SENIOR COMPANION

Speaker: Corliss Yan (Head of Department, Veterinary Rehabilitation & Hydrotherapy, Beecroft Animal Hospital)

Pets are for life, and you can help improve the quality of their senior years. This talk covers orthopedic and neurological conditions in pets that can cause physical or cognitive impairments, pain, discomfort, and limited mobility. Join Ms Corliss Yan to find out the signs and symptoms, and how rehabilitation helps as a preventative or conservative management.

Corliss is a Certified Canine Rehabilitation Practitioner graduate with a Diploma in Veterinary Technology, and a Bachelor of Science in Psychology, with over 10 years of experience in the veterinary industry. Since VRH set up in 2018, Corliss has been working with different animal species, but the significant difference is her patients' incapacity to convey their pain and discomforts.
