West Marsh Visit with the "Kranji Marshals"

(Programme Code: **NR1512**)

5 Sep
5 Dec

Kranji Marshes

7.30am – 11am

Situated within the Core Conservation Area of the Kranji Marshes, the West Marsh is a special area designated for the conservation of the marsh birds. To minimise disturbances to these shy animals and other wildlife, access to this section is restricted to guided activities organised by NParks volunteers (the "Kranji Marshals")

Registration is not required. You can enter and exit the West Marsh from the gate near Moorhen Blind.

A loop around West Marsh is around 1.2 km and will take about 20 minutes to complete. This includes about 400 m of narrow and uneven rocky path, which is not recommended for young children without supervision. Visitors are advised to wear comfortable walking shoes, and exercise caution when walking on this path.

To minimise disturbances to this ecologically-sensitive area, please do your part by not organising group visits of more than 20 participants. If the West Marsh is too crowded, the entrance of visitors into the West Marsh will be regulated accordingly.

A monthly event that's all about pets!

Say 'hi' to the adorable animals up for adoption, and chat with volunteers at the Animal Welfare Groups adoption drive, have your pets checked by professional veterinarians at our free pet health check and micro-chipping sessions*, shop for tasty treats, cute pet accessories and more at our pet retail, grab a bite from our F&B options, or simply be entertained by the birds on display by BirdCraze!

Parents, sign your kids up for Petzmania* where they will learn basic pet care to be responsible pet owners through role-playing activities such as being a junior vet, pet groomer, pet trainer, or pet scholar for a day! This programme is free and suitable for kids aged 7 to 12.

*Pre-registration is required.

In the month of July, join us for our digital edition where our Animal Welfare Group (AWG) partners showcase some of their loveable animals looking for 'fur-ever' homes!

If you've got a burning question about your pet, get ready to ask away during the live chat with our vet!

You can also contribute to the AWGs' fundraising efforts by visiting their pages listed on www.nparks.gov.sg/pdo as a small 'thank you' for their heart and work in taking care of the animals.

NParks Coast-to-Coast (C2C) Trail

Do you enjoy taking nice long walks in lush greenery, or exploring the outdoors? Then visit the new Coast-to-Coast (C2C) Trail for a curated walking experience across the island!

The Coast-to-Coast Trail is a 36 km trail that spans across Singapore. Stretching from Jurong Lake Gardens in the west to Coney Island Park in the northeast, join Phil, a leaf from the native Broad-leaved Sterculia (*Sterculia macrophylla*), and the C2C mascot, as it guides you through a curated walking experience along the Trail!

You can choose to explore the Trail on your own using the **C2C online Trail Guide**, or download the **C2C mobile app**, NParks' first mobile application with augmented reality (AR) for an immersive and interactive walking experience across the 36 km stretch of parks, parks connectors and nature areas.

Visit the checkpoints, scan the animal characters on the checkpoint markers using the AR setting in the C2C app and watch the characters come to life on your phone!

Coast-to-Coast Trail

NParks Coast-to-Coast (C2C) Trail Mobile App

Developed to complement the Coast-to-Coast Trail for an interactive walking experience, the C2C mobile app provides a wealth of opportunities for you to earn points that can be converted into exciting rewards – such as logging in to the app, checking in at any of the checkpoints, completing quests, sharing your experiences in-app, finding 'hidden fruits', and more!

- Navigate your way to the C2C Trail from wherever you are in Singapore
- Watch animal characters spring to life!
- Hunt treasure!
- Share your C2C experience
- Get notified about events and promotions
- Use your points to redeem rewards

Volunteer With Us!

Love spending time surrounded by nature? Passionate about greenery? Then come join us on this journey towards making Singapore our City in a Garden.

Whether you are a student, professional, retiree or on a study/ career break, we welcome you. Volunteers are important to us, and we value the time and contributions of every one on our volunteer programme.

This partnership with our nature enthusiasts has allowed us to accomplish much more than we could. Join us and make a difference in our nature areas and green spaces!

To sign up as a volunteer, please visit www.volunteernetwork.mnd.gov.sg.

For enquiries, you can contact us at: volunteer@nparks.gov.sg.

Choose from a wide range of volunteer opportunities:

Citizen Science

Citizen science refers to the community participating in organised research efforts to survey the biodiversity around us. As a citizen scientist, you aid in the collection of large amounts of data, and learn more about our biodiversity at the same time. The data you collect can inform decision makers and help in the formulation of conservation strategies.

There is a variety of citizen science initiatives available to the public and school groups. The programmes target specific groups of animals like birds, butterflies and dragonflies. Find out more about the programmes from the National Biodiversity Centre.

Community in Bloom

Community in Bloom is a nationwide gardening movement that aims to foster a community spirit and bring together residents, both young and old, to make Singapore our garden. Put your green fingers to good use as you maintain a community garden, which includes sowing of seeds, pruning, weeding, fertilising the soil, composting, and identifying and labelling the plants.

Habitat Enhancement

Play an active role in supporting and promoting Singapore's natural heritage by maintaining and enhancing habitats for our flora and fauna.

Butterfly Habitat Enhancement

- Bishan-Ang Mo Kio Park
- Pasir Ris Park
- Tampines Eco Green

Coastal Cleanup

- Coney Island Park
- Pulau Ubin
- Sungei Buloh Wetland Reserve

Invasive Species Management

- Bukit Timah Nature Reserve
- Central Catchment Nature Reserve
- Pulau Ubin
- Sungei Buloh Wetland Reserve

Plants need the ideal location to grow well and prosper. Weeds can suffocate these plants and make the landscape look unsightly. Join us for a weeding session and get to know the weeds that are invasive in our landscape..

Mangrove Cleanup

- Pasir Ris Park

Plant Records

- Singapore Botanic Gardens

To work on plant records, you should be familiar with data entry. You will help build up the Gardens' plant information database during office hours on weekdays, and have the opportunity to conduct field surveys and gain knowledge of plant records management in a botanical institution.

Horticulture

Work closely with our horticulturists and support them in managing the landscapes in parks and gardens. Also, learn about different plants and their characteristics.

Herbarium Cataloguing

Outreach & Events

Be involved in preparing for and running exciting events for the community, which could include manning information counters, ushering, and facilitating activities.

Art in Nature

- **Bukit Timah Nature Reserve**
- **Windsor Nature Park**

Proficient in painting? Gather with fellow volunteers once every month to help participants hone their painting skills on nature subjects, while raising awareness on conservation and native biodiversity.

Community Garden Edibles Competition

You can assist the Horticulture and Community Gardening division in shortlisting the competition entries (i.e., fruit and vegetables), ushering participants, and packing and storing the entries.

Community Garden Festival

You can help to set up displays, or run talks and tours for this biennial event organised by the Horticulture and Community Gardening division.

Gardeners' Day Out

- **HortPark**

Operation No Release

- **Bukit Timah Nature Reserve**
- **Central Catchment Nature Reserve**

'Operation No Release' is a Whole-of-Government initiative that aims to spread public awareness on the harmful impact of releasing animals into parks (including ponds), nature areas, reservoirs and waterways. You will help to look out for any sign of animal release and educate members of the public about the impact of releasing animals into the wild.

Singapore Garden Festival Horticulture Show

- **Jurong Lake Gardens**

Track Safety Ambassador Programme

- **Park Connector Network**

You can help spread public awareness on track safety by advising members of the public on safe and responsible riding.

- Fort Canning Park
- The Southern Ridges

Operation Deadline

- Pulau Ubin

Operation Deadline is an activity that targets the removal of stray fishing tackles and lines left by anglers in our mangroves, beaches and ponds. The stray tackles include hooks, swivels, floaters and spools. This activity is important because the stray tackles and lines may ensnare wildlife, strangle plants and pose a safety hazard to visitors.
