

# Skyrise Greenery Incentive Scheme

Funding covers 50% of installation costs OR \$200 per square metre of green area, whichever is lower.

Funding does not extend to hardscape elements such as pebbles or decking.

## Example 1 – Garden with decking

### 1 Cost breakdown

Green roof system	\$21,500
Grass	\$4,000
Decking (non-claimable)	\$1,500
<b>Amount eligible for reimbursement</b>	<b>\$25,500</b>

### 2a Co-funding (50%)

Amount before cap:

$$\$25,500 \div 2 = \mathbf{\$12,750}$$

### 2b Cap (\$200 per sqm)

The green coverage is 150 square metres.  
Hence:

$$150 \text{ m}^2 \times \$200 = \mathbf{\$30,000}$$

3 Funding covers 50% of costs OR \$200 per square metre of green area, whichever is lower.

Final reimbursement: **\$12,750**

## Example 2 – Extensive green roof

### 1 Cost breakdown

Green roof priced at \$120 per sqm.

Green roof system	\$32,000
Plants	\$16,000
<b>Amount eligible for reimbursement</b>	<b>\$48,000</b>

### 2a Co-funding (50%)

Amount before cap:

$$\$48,000 \div 2 = \mathbf{\$24,000}$$

### 2b Cap (\$200 per sqm)

The green coverage is 400 square metres.  
Hence:

$$400 \text{ m}^2 \times \$200 = \mathbf{\$80,000}$$

3 Funding covers 50% of costs OR \$75 per square metre of green area, whichever is lower.

Final reimbursement: **\$24,000**
