

Enhancing Bishan-Ang Mo Kio Park

NParks will be carrying out improvement works for the bridge closest to Ficus Green.

Why is this necessary?

The wooden planks on the bridge closest to Ficus Green (indicated in **red**) are worn out due to wear and tear. To enhance park users' experience, NParks is carrying out interim works by securing loose planks and replacing damaged ones.

This bridge will be closed from **19 Sep 2025 to 31 Jan 2026** to facilitate more thorough improvement works.

Enjoying the Park

When the bridge is closed, please use the nearby alternative bridges (indicated in **orange**). More information will be provided before the closure.

Other nearby facilities remain open for all park goers to enjoy.

Contact us at www.nparks.gov.sg/feedback for more information.
